

Lend a Hand

COMMUNITY PROJECTS

Talk to us about how we can help. Please contact:
1300 366 015 or email:
projects@lendahand.org.au
or visit lendahand.org.au

The Concept

We bring together skilled trades people and the enthusiasm of participants.

Together we run projects that allow people to learn and gain valuable experience whilst making a difference to the community.

Employers

As an employer you can benefit from the skills our participants bring to your business.

Build your company's corporate social responsibility and discover great talent! Help change the lives of participants and their families.

Lend a Hand helps individuals, communities & organisations

Lend A Hand helps disadvantaged individuals and community organisations with work which they don't have the skills to do themselves or cannot afford to pay someone else to do.

Building skills

Lend a Hand builds the skills of participants through real life work experience on projects which benefit the community.

Help Local People

Help change the lives of participants and their families and make a positive contribution to the community!

Being Social

Build your company's corporate social responsibility and discover great talent!

Parks and Gardens

Construction & Property

Landscape design and construction

We understand the importance of environmentally responsible designs.

Our services include the creation of all hard and soft landscapes to include tree and shrub planting, laying turf, drainage, pathways, paving and decking.

Grounds and tree maintenance

Lend a Hand is able to provide a range of services from one-off garden clean ups to ongoing landscape management plans, including lawn care, pruning of flowers and plants, irrigation systems and the maintenance of water features.

We offer exterior handyman services to do minor repairs, clean out gutters, install fencing and maintain decks, paving and pathways. Our Tree Team can assist with all aspects of tree care including maintenance, planting, tree pruning, pest and disease control and the felling of trees in difficult positions.

Community gardens

Lend a Hand is able to design and construct new gardens or assist with the redevelopment of existing projects. Our trained horticulturalists support the community in their understanding of how to grow their own produce to create a sustainable healthy life-style.

Our ongoing maintenance services are able to manage the upkeep as well, including construction of further garden beds, planting, irrigation, mulching, harvesting and composting.

Handyman services

Lend a Hand provides a range of interior and exterior handyman services.

These include:

- Painting and decorating
- Cleaning and removals
- Walls and plastering
- Decks, pergolas and cubby houses
- Paving, pathways & fencing
- Doors and windows
- Furniture assembly

Renovations

We are always on the lookout for renovation projects that will benefit the community. Our highly skilled team can tackle small to large projects, ranging from entire building renovations to just a kitchen makeover.

Need a hand?

Have you got work that you can't do yourself and / or cannot afford to pay someone else to do?

Give us a call we may be able to help! **1300 366 015**
